## EXPERIENCE

### Graphic Designer

insoft pvt.ltd / pokhara

As a Graphic Design and Junior Coding Intern, I create visually engaging designs while assisting in front-end and basic back-end coding. My responsibilities include designing graphics, UI elements, and marketing materials, as well as supporting web development projects. I am passionate about blending creativity with technical skills to build impactful digital experiences.

### IT Manager

CDA nepal / Hetauda / January, 2024 - February, 2025

As a It manager I was involved in managing all IT-related tasks like managing social interactions, IT strategy and planning, infrastructure management, technical support and training, and software and application management .
